24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendments to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

#### A. Substantial Deviation from the 5-year Plan:

Until the PHA has met the requirement to define "significant amendment or modification," HUD will consider the following actions to be significant amendment or modification:

Change to rent or admission policies or organization of the waiting list;

Addition of non-emergency work items (items not included in the current Annual Statement or 5-year Action Plan) or change in use of replacement reserve funds under the Capital Fund Program;

Addition of new activities not included in the current PHA DEEP Plan; and

Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

### **B. Significant Amendment or Modification to the Annual Plan:**

Until the PHA has met the requirement to define “significant amendment or modification,” HUD will consider the following actions to be significant amendment or modification:

Changes to rent or admission policies or organization of the waiting list;

Additions of non-emergency work items (items not included in the current Annual Statement or 5-year Action Plan) or change in use of replacement reserve funds under the Capital Fund Program;

Additions of new activities not included in the current PHDEP Plan; and

The goal of the Gladstone Housing Commission is to ensure safe, decent, and affordable housing for program participants.

Progress:

Over the years we have used our C.I.A.P. and Capital Fund Program grants to constantly improve the quality of our apartments. We have replaced the carpeting and painted all apartments in both buildings, upgraded intercom systems for improved security, upgraded windowsto enhance both safety and energy efficiency, and greatly improved fire safety by modifying the design of one of our buildings.

We also coordinate with local providers to bring both free and low-cost services directly into our buildings. This allows a greater number of our participants the opportunity to take advantage of these services and improve their quality of life. Such services include, but are not limited to: flu shot clinics, foot clinics, blood pressure clinics and various health checks and seminars (such as nutrition, fraud/scam awareness, etc).
